Think Tank Session Details

- 

Tuesday Morning | Creating Joy through Functional Maintenance Programs (FMPs)

Presenters: Jon Anderson, PT, Elyse Matson, SLP, Amanda Grace, OTR. Designing and maintaining functional maintenance programs is a valuable component for success with our LTC population. We will share factors to be considered when implementing FMPs and how to use this information to tailor your own approach.
- 

Tuesday Morning | Build A Bigger Base: Six Steps to Business Development for DORs

Presenter: Tannus Quatre, PT, MBA is a marketing and revenue cycle specialist with Optima Healthcare Solutions. As therapists, we make lives infinitely better through function. We help communities move better, function independently, and communicate effectively with loved ones. Therapists are important in today's healthcare landscape, and our growth is limited only by our ability to effectively and strategically communicate our value. In this breakout session, Tannus will lead a lively discussion which introduces a six-step approach to sustainable business development for directors of rehab in any care setting.
- 

Tuesday Morning & Wednesday Afternoon | Love for the SLP Case Mix

Presenters: Tamala Sammons, Heather Bjernudd, Elyse Matson, Whitney Wilding, Jennifer Raymond, Priscilla Diazdeleon. The SLP Case Mix Think Tank will focus on understanding how the SLP case mix is calculated; which codes and sections of the MDS will capture the SLP Case Mix categories; and clinical examples to work through. Additionally, there will be discussion around NOMs, standardized tests, skilled intervention and the clinical guides and tools available.
- 

Tuesday Morning | Developing Partnerships with Universities & Therapy Students

Presenters: Ciara Cox, Gina Tucker-Roghi, Jayna Owensw. Do you have a great idea for a program, but can't seem to find the time to bring it to life? Internships provide opportunities to contribute to the profession and make connections with students. Expanding opportunities with capstone students can further the value for your team by developing programs. A variety of capstone models will be explored and you will learn how other facilities have successfully collaborated with capstone students.
- 

Tuesday Morning & Wednesday Afternoon | A Stay in the Life - PDPM

Presenter: Lori O'Hara. How does a PDPM Part A episode differ from a RUGs Part A episode? Is the admissions process different? Are the IDT meetings different? What matters when? This Think Tank will take you through a PDPM stay from inquiry to discharge so you'll know what will be different and what will stay the same.
- 

Tuesday Afternoon | Partnerships Impacting Success!

Presenters: Amber Thompson, CEO, Kiran Sahota, COO, Kyle Martin, DOR/Resource, Jennifer Raymond, Resource. Have you ever wondered how you could optimize your partnership with your operational and clinical leaders? How you could create bigger impact with culture, clinical and overall quality? Get a close up view from two facility teams innovating for continued success within their markets. Kiran and Jennifer will highlight their partnership which created a path of success with BPCI and achieving a super rate from a managed care partner, while Amber and Kyle will share their experiences with program development, which has led to remarkable results.
- 

Tuesday Afternoon | Marketing your Program from the Inside Out

Presenter: Kendra Matthews, Signum Marketing Resource. As we continue into payment reform, we find the need for delivering more efficient care while achieving outstanding clinical quality outcomes. What does this mean to therapy? PDPM is calling for therapists to improve quality, while efficiently and effectively delivering care. As efficiency improves, opportunity to grow our business also increases!! This is where a strong focus on expanding our offerings and programs while achieving those excellent outcomes is important, learning how to share these successes effectively within our healthcare communities, get the word out, expand our partnerships, MARKET, are crucial. This session will cover those secrets for successful marketing.
- 

Tuesday Afternoon | Optimizing with Optima!

Presenters: Mahta Mirhosseini, Therapy Resource and Cathy de Verteuil, Optima Healthcare Solutions. This hands-on session will allow therapy leaders the opportunity to experience the under-utilized Point of Care system which is designed to provide point of service efficiencies for the therapist. Cathy and Mahta will take you through how to access POC through your existing laptops, as well as offer the opportunity to experience it with small tablets and larger Chromebooks. In addition, they will lead you through other tools and resources for managing your programs, including a sneak preview of some new features to help leaders manage through the new PDPM.

Think Tank Session Details

Tuesday Afternoon | Innovative OT Programming for Post-Acute and Long-Term Care

Presenters: Gina Tucker Roghi, Jan Conducto, Natalie Barrales, Cecelia Ly-Peh; In Hwa Chae, Elena Vaccaro, Camille Schilling; Does your facility have LTC residents with serious mental illnesses? Therapists can support our facilities in meeting their needs of this unique population. The Psychosocial Toolkit empowers your OTs with assessments and interventions (individual, group and concurrent) that are utilized by OT practitioners in primary mental health settings. The OT Health Failure Clinical Pathway was developed to guide OTs to better address psychosocial, cognitive, and lifestyle factors that are related to readmission rates for individuals with chronic conditions. Learn more about the evidence based assessments and interventions that will support successful discharge and outcomes.

Tuesday Afternoon & Wednesday Morning | Exploring the PT/OT Case Mix PDPM

Presenters: Jon Anderson, Maryann Bowles, Mira Waszak, Brian Del Poso, Madeana Galler. This breakout will leverage fun technology to review common questions surrounding how to capture PT and OT case mix appropriately in the new Medicare payment model PDPM. The latest updates and proposed rules will be reviewed so you are fully up to date with the latest and greatest everything PT/OT Casemix.

Wednesday Morning | Joy with Group Therapy

Presenters: Marissa Parker, Mark Walker, Jennifer Raymond. Do you want to improve patient outcomes, increase staff satisfaction and create an overall positive impact to your therapy business? Join this informative roundtable as ideas are discussed for inspiring your therapists in group treatment through clinical stories, hands-on practice and opportunities for partnership with groups.

Wednesday Morning | Taking the Leap: From Therapy Leader to AIT to ED to CEO and Beyond!

Presenters: Ryan Goldberg, PT & ED, Matt Scott, PT & ED, Amber Thompson, PTA & CEO, Paola Luna, PT & ED, Facilitated by Clay Christensen. Do you possess qualities of a great leader? Are you an innovative thinker ready to put your ideas to the challenge? Are you considering ways to make additional contribution and impact within our industry and our organization? Join a group of our operational leaders who were therapy leaders not too long ago and who have leveraged that experience to move into the role of operational leadership.

Wednesday Morning | How to Analyze your Financials at the Payor or Patient Level

Presenter: Ciara Cox, Therapy Financial Resource; Did you know that we have a new therapy trend report where you can drill down to the patient or payor level to analyze your therapy financials? Come and take a deep dive into this new report!

Wednesday Morning | Overcoming barriers for Dementia Programming: DOR Perspective on implementing the Abilities Care Approach & a Drumming Program

Presenters: Aimee Bhatia, DOR, Julia Schmutz, DOR, and Sacchin Bhatia, Therapy Resource. Have you faced barriers when trying to jump start a program to better serve your residents and patients with cognitive disabilities? Do you struggle with where to begin? Well, this panel discussion will help you to get the “flywheel turning” by providing you with ideas to jumpstart your Abilities Care Approach and expand your services for the Dementia resident. You won't want to miss this insider perspective to overcoming the challenges we often face when working toward a new program.

Wednesday Afternoon | Expanding Opportunity by Building the Outpatient Therapy Business

Presenters: Soon Burnam, Legal Resource, Jennifer Henderson, DOR, Kendra Ruzicka, Rehab Agency Director JTOPS, Jerry Spaeder, Therapy Innovations, Maryann Bowles, Therapy Resource. Expanding our influence into outpatient will help our patients and members of our healthcare communities benefit from a continuum of care. Learn what it takes to get started with your outpatient business, including ideas to overcome barriers we sometimes face. View an example of an outpatient website for reaching the community

Wednesday Afternoon | LTC Think Tank

Presenters: Kai Williams, Elyse Matson, Marissa Parker, Jeremy McCorristin, Jayna Owens. As the leader of your programs, knowing where to begin with our LTC patient population is the first step to building your program. This panel of hands-on caregivers, leaders and resources are actively engaged in building programming for successes with our LTC residents and will offer an interactive approach to providing you tools for success with your own program.
