* NRRTSCE is certifying the educational contact hours of the program and by doing so is in no way endorsing any specific content, company, or product. The information presented in this program may represent only a sample of appropriate interventions. The National Registry of Rehabilitation Technology Suppliers is accredited by the International Association for Continuing Education and Training (IACET) and is authorized to issue the IACET CEU

About the Instructor:

Curt Prewitt MS, PT, ATP

Curt Prewitt is Director of Education for Ki Mobility. He has a BS in Exercise Physiology and an MS in Physical Therapy from the University of Colorado.

He practiced as a physical therapist in a number of settings for a few years, most prominently in long term care, where he gained experience with seating and wheeled mobility. He transitioned from a practicing therapist to a manufacturer's representative, eventually moving into sales management and focusing on complex rehab technology. After over 18 years in the industry, he started the clinical education department at Ki Mobility in 2017, and in his role as director, he has presented numerous continuing professional education courses across the US and internationally.
